Get Started.

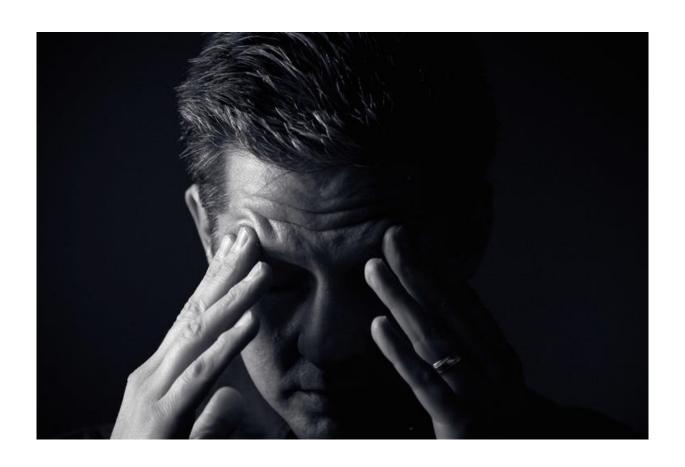

## What Happen?

- Almost half of the population suffers from depression.
- Anyone that is depressed,
  - ▶ Lost Something out of their control or
  - Don't have something that is out of their control
- In school we taught how to get a good job, But no one taught how to live happily.

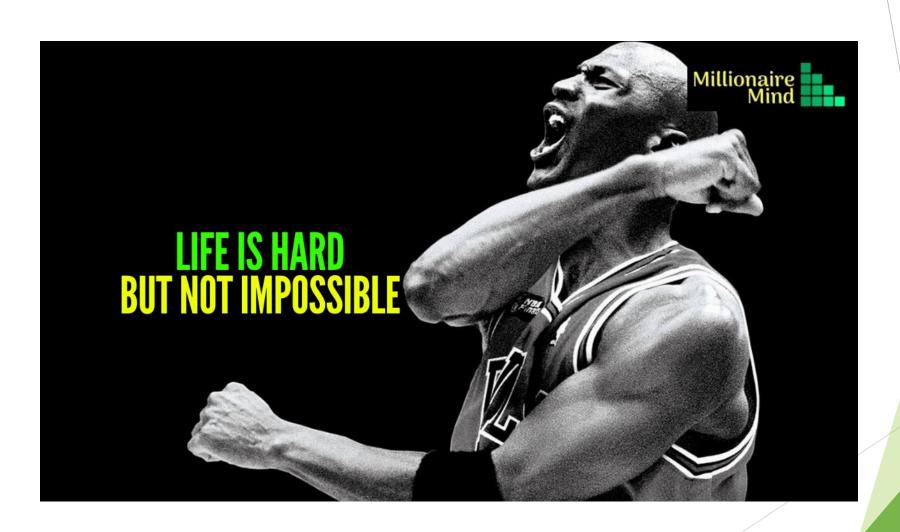

## There is a Light!

## Don't Personally Identify Depression!

## Life is Hard, But Not Impossible.

Thank You!
